## OPEN TENDERS : APR – JUN 2001

Cash/crossed DD in favour of NTPC, KSTPS, Korba payable at State Bank of India, West Korba

Tender ID : 124470

Note :

1.NTPC invites sealed bids for the above mentioned work from working contractors of Govt., Public sector

Units and Reputed industrial organisations, for Korba Super Thermal Power Station situated at Korba,

Distt.Korba (CG).

2.All bids shall be accompanied by a bid guarantee respectively as mentioned above. Bids not accompanied by

the requisite guarantee in a separate sealed cover or bids accompanied by bid guarantee of inadequate value

shall not be entertained and in such cases bids shall be returned to the bidders without being opened.

3.QUALIFYING REQUIREMENTS :

Bidder should submit documentary evidence of having registered and having independent provident fund code

No. of their establishment with the Regional Provident Fund Commissioner, alongwith their request letter for issue of tender documents.

The bidder should have carried out RLA study of atleast one Boiler of 200MW/above capacity AND the bidder

should have authorisation from Central Boiler Board for RLA of Boiler (copy of authorisation from Central

Boiler Board must be submitted).

4.The bidder should have executed any civil work for a value not less than Rs.14.50 Lakhs in a single contract

within one year period during last five years.

5.In support of the above qualifying requirement the tenderer shall submit the list of similar work executed,

supporting work order/completion certificate, ITCC, Partnership deed/Affidavit for proprietorship,

## **OPEN TENDERS : APR – JUN 2001**

Memorandum of Association be submitted alongwith the request letter for issue of tender papers.

6.NTPC reserves the right to assess independently the capacity and capabilities of the bidders to carryout the work.

7.NTPC reserve the right to accept or reject late/delayed tenders and also to reject any or all tenders without assigning any reason thereof.

8.NTPC reserves the right to allow purchase preference, as admissible under the existing policy of the Govt. of

India, to bids from Central Public Sector Enterprises (CPSE) as well as Joint Ventures with CPSE, with a

minimum value added content of over 20% by the latter. The bidders may appraise themselves of the relevant notification of the Govt. of India in this regard before submission of their bids.

9.The Bid document can be obtained from the address given below on payment of cost of bid documents by

cash/crossed DD in favour of NTPC, KSTPS, Korba payable at State Bank of India, West Korba branch, and

submission of relevant experience details as per para 5 above. Issuance of bid documents to any bidder shall

not construe that such bidder is considered qualified.

-----

5.National Thermal Power Corporation Limited shall hold a Pre-bid conference in their office at the address  
mentioned below on 31.07.2001. The conference shall commence at 10:30 hrs. (IST).

6.All bids must be accompanied by Bid Security for an amount equivalent to Rs. 505 Million, either in bid  
currency or in US Dollars, as stipulated in the Bidding Documents. If the Bid price is quoted in more than one  
currency, the Bid Security shall be in US Dollars. Bids not accompanied by the requisite Bid Security in a  
separate sealed envelope or bids accompanied by Bid Security of inadequate value shall not be entertained  
and in such cases, bids shall be returned to the bidders without being opened.

### **7.PURCHASE PREFERENCE TO CENTRAL PUBLIC SECTOR ENTERPRISES**

In the evaluation and comparison of bids, NTPC reserves the right to allow purchase preference to Central  
Public Sector Enterprises (CPSEs) and joint ventures with CPSEs as admissible under the existing policy of  
the Govt. of India.

### **QUALIFYING REQUIREMENTS FOR BIDDERS**

8.1 In addition to the requirements stipulated in section 'Instructions To Bidders' of the Bidding documents,  
the bidder should also meet the qualifying requirements stipulated hereunder:

8.1.1.A (i) the bidder should have designed, engineered, manufactured, erected/supervised erection,

## OPEN TENDERS : APR – JUN 2001

commissioned/supervised commissioning at least one (1) no. of coal fired supercritical steam generator for

unit rated 500 MW or above of the type specified, i.e. with single pass (tower type) or two pass type using

either spiral wound (inclined) or vertical plain/rifled type water wall tubing, having a rated pressure not less

than 225 kg/cm<sup>2</sup> (gauge) at super-heater outlet, provided with evaporator suitable for variable pressure

operation (sub-critical and super-critical pressure ranges), which is in successful operation for a period not

less than one (1) year as on the date of bid opening. The bidder shall offer only the type of steam generator

and type of water wall tubing for which he is qualified.

OR

(ii) The bidder should have designed, engineered, manufactured, erected/supervised erection,

commissioned/supervised commissioning at least two (2) nos. of coal fired steam generators for units rated

500 MW or above with single pass (tower type) or two pass arrangement, which are in successful operation for

a period not less than two (2) years as on the date of bid opening and associates/collaborates with a

manufacturer of steam generator who satisfies the qualification requirements specified in 8.1.1 A (i) above.

However, the bidder shall offer only the type of steam generators i.e. single pass (tower type) or two pass type

and type of water wall tubing for which his collaborator is qualified. In such an event the bidder shall furnish

undertaking jointly executed by him and his collaborator for the successful performance of the steam

generators and auxiliaries as per the format enclosed in section VII (forms and procedures) of bidding

documents. The joint deed of undertaking shall be submitted alongwith the bid, failing which the Bidder shall

be liable to be disqualified and his bid liable to be rejected. In case of award, the collaborator will be required

to furnish a separate on demand bank guarantee for 3 (three) percent of the total contract price in addition to

the contract performance securities by the Bidder.

AND

8.1.1B (i) The bidder should have designed, engineered, manufactured, erected/supervised erection,

## OPEN TENDERS : APR – JUN 2001

commissioned/supervised commissioning at least one (1) number of reheat type of steam turbine of 500 MW

or above capacity with (i) Main steam pressure of 225 Kg/cm<sup>2</sup> (gauge) or higher and (ii) Main steam/reheat

temperature of 535°C / 535°C or higher and generator of 500 MW or above capacity of the type specified (i.e.

tandem compound, single reheat, regenerative, condensing, multicylinder design with separate HP, separate

IP and separate LP casing(s) OR combined HP-IP and separate LP casing(s), directly coupled with generator

of three phase, horizontal mounted, two pole, class F winding insulation, Stator water/hydrogen cooled,

cylindrical hydrogen cooled rotor type, conforming to IEC 34-1, 34-3 OR other equivalent international

standards suitable for indoor installation) and which are in successful operation for a period of not less than

one (1) year as on the date of bid opening.

Steam turbine manufacturers who meet the requirements of 8.1.1 B above except generators, would also

qualify provided they associate/collaborate with a generator manufacturer who has manufactured at least one

(1) no. of generator of 500 MW or above capacity of the type specified (i.e. three phase, horizontal mounted,

indoor installed, two pole, class F winding insulation, Stator water/hydrogen cooled, cylindrical hydrogen

cooled rotor type, conforming to IEC 34-1, 34-3 OR other equivalent international standards), which is in

successful operation for a period of not less than one (1) year as on the date of bid opening. In such a case the

bidder shall furnish undertaking jointly executed with generator manufacturer for the successful performance

of the turbine generator set as per the format enclosed in section VII (forms and procedures) of bid

documents. This joint deed of undertaking shall be submitted alongwith bid, failing which the Bidder shall be

liable to be disqualified and his bid liable to be rejected. In case of award, the generator manufacturer will be

required to furnish an on demand Bank guarantee for 0.5 (half) percent of contract price in addition to contract

performance security by the bidder.

OR

(ii) The bidder should have designed, engineered, manufactured, erected/supervised erection,

## OPEN TENDERS : APR – JUN 2001

commissioned/supervised commissioning at least two (2) nos. of reheat type of steam turbine and generator

sets of 500 MW or above capacity and which are in successful operation for at least 2 (two) years as on the

date of bid opening and associates/ collaborates with manufacturer(s) of steam turbine and generator meeting

the requirements of 8.1.1 B (i) above. In such an event the bidder shall furnish undertaking(s) jointly executed

by him and his collaborator(s)/ associate(s) for successful performance of the steam turbine generator sets and

its auxiliaries as per format enclosed in section VII (forms and procedures) of bidding documents. The joint

deed(s) of undertaking shall be submitted alongwith the bid, failing which the Bidder shall be liable to be

disqualified and his bid liable to be rejected. In case of award, the collaborator(s) will be required to furnish an

on demand bank guarantee for 2% (1.5% for steam turbine & 0.5% for generator) of the total contract price in

addition to the contract performance securities by the Bidder.

8.1.1.C In case the bidder is a manufacturer of only one of the above mentioned equipment(s) i.e. steam

generator or steam turbine generator set [qualified as per clause no. 8.1.1 A (i) or 8.1.1 B (i)], then he shall

associate/collaborate with the manufacturer of the other equipment i.e. steam turbine generator set (for fossil

fuel fired units) or steam generator (coal fired), who shall in turn meet the requirements stipulated at 8.1.1 A(i)

or 8.1.1 B(i) above as the case may be and shall source the equipment i.e. steam generator or steam turbine

generator set, only from such qualified manufacturers.

In such a case the bidder shall furnish undertaking(s) jointly executed with the steam turbine generator

set/steam generator manufacturer, as the case may be, for the successful performance of the equipments

covered in the scope of the associate as per the format enclosed in section VII (forms and procedures) of bid

documents in which the associate and the bidder are jointly and severally liable to the Employer to perform all

the contractual obligations. The joint deed(s) of undertaking shall be submitted along with bid, failing which

the bidder shall be liable to be disqualified and his bid liable to be rejected. In case of award, the associate will

be required to furnish an on demand bank guarantee for at least 2% (two percent) of the total contract price in

## OPEN TENDERS : APR – JUN 2001

addition to the contract performance security by the bidder.

AND

8.1.1.D In all the above cases as stipulated under clause 8.1.1 A, B & C, the bidder shall also have experience in the field of engineering of coal fired reheat type power plants and has engineered at least two (2) nos. of coal fired reheat type units with minimum unit rating of 200 MW each (one each at two separate stations) and which are in successful operation for a period of not less than two (2) years as on the date of bid opening. The scope of work of such reference plants should have necessarily included entire engineering i.e. basic engineering and detailed engineering of power plant till commissioning of Main plant equipment (i.e. steam generator and steam turbine generator with their associated auxiliaries). In case bidder himself does not have above experience in the field of power plant engineering, then he shall associate with an architect engineering firm meeting the requirements stipulated above. The minimum average annual turnover of such architect engineering firm, in the past three years shall be not less than US\$ twenty (20) million (with exchange rate prevailing at the end of respective accounting years in case turnover is expressed in currencies other than US dollars).

Further, the bidder shall furnish undertaking jointly executed by him and architect engineering firm as per the format enclosed in section VII (forms and procedures) of bid documents in which the associate and the bidder are jointly and severally liable to the Employer to perform successfully all the engineering activities included in his scope. The joint deed of undertaking shall be submitted along with bid, failing which the bidder shall be liable to be disqualified and his bid liable to be rejected. In case of award, architect engineering firm will be required to furnish an on demand bank guarantee for 0.05% (point zero five percent) of total contract price in addition to the contract performance security by the bidder.

8.1.2 The bidder shall be an Engineering, Procurement and Construction (EPC) organization who has executed work of at least two (2) nos. fossil fired reheat type of units (one each at two separate stations) of at

## **OPEN TENDERS : APR – JUN 2001**

least 200 MW out of which at least one (1) shall be coal fired and which are in successful operation for a period

of not less than two (2) years as on the date of bid opening. The scope of work of such reference plants should

have necessarily included engineering, supply, erection/supervision of erection (with or without civil works),

and commissioning/supervision of commissioning on turnkey basis of Main plant equipment(s) i.e. steam

generator and steam turbine generator sets with their associated auxiliaries.

In this case, the bidder shall individually associate in the area where bidder himself is not qualified with the

steam generator, steam turbine and generator manufacturer(s) who in turn meet the respective requirements

under 8.1.1 A (i) and 8.1.1 B (i) above.

Further the bidder shall furnish undertaking(s) jointly executed by him and each of his associates for the

successful performance of equipments covered in the scope of associate as per the format enclosed in section

VII (forms and procedures) of bid documents, in which the associate and the bidder are jointly and severally

liable to the Employer to perform all the contractual obligations. The joint deed(s) of undertaking shall be

submitted along with bid, failing which the bidder shall be liable to be disqualified and his bid liable to be

rejected. In case of award, the associates will be required to furnish an on demand bank guarantees of total

amount of 5% (3% for SG & auxiliaries, 1.5% for Turbine & auxiliaries and 0.5% for Generator) of the total

contract price in addition to the contract performance security by the bidder.

8.1.3 The bidder shall be a turnkey management and contracting organisation regularly executing fossil fuel

fired type power plants and who has got engineered, supplied, erected (with or without civil works), including

construction management, and commissioned, in the capacity of a prime contractor or as leader of a

consortium of firms, at least two (2) nos. fossil fuel fired reheat type of units (one each at two separate

stations) of at least 200 MW capacity which are in successful operation for a period of not less than two (2)

years as on the date of bid opening. The scope of work of the above reference plants should have necessarily

included engineering, supply, erection (with or without civil works), testing and commissioning on turnkey

## OPEN TENDERS : APR – JUN 2001

basis of Main plant equipment(s) (i.e. steam generator and steam turbine generator sets with their associated auxiliaries). In addition the bidder shall also establish that he has a minimum average annual turnover in the past three years of not less than US\$ one (1) billion (with exchange rate prevailing at the end of respective accounting years in case turnover is expressed in currencies other than US dollars).

In this case, the bidder shall individually associate with the steam generator and steam turbine generator manufacturer(s) who in turn meet the respective requirement of 8.1.1 A (i) and 8.1.1 B (i) above and an architect engineering firm who meets the requirement at 8.1.1 D above.

In case either of the steam generator manufacturer/steam turbine generator manufacturer/steam turbine generator manufacturer, as the case may be, meeting the qualifying requirements of 8.1.1 A (i) and 8.1.1 B (i) above, also meets the qualifying requirements of architect engineering firm stipulated above of his own, then the bidder at his options can get the engineering of the plant carried out by the associate who meets the qualifying requirements of architect engineering firm stipulated above and it shall not be mandatory for the bidder to associate with the separate architect engineering firm in such a case.

Further, the bidder shall furnish undertaking(s) jointly executed by him and his associates viz. Steam generator/Steam turbine generator or separately with steam turbine and separately with generator manufacturer for the successful performance of equipments covered above as per the format enclosed in section VII (forms and procedures) of bid documents in which the associate and the bidder are jointly and severally liable to the Employer to perform all the contractual obligations. The joint deed(s) of undertaking shall be submitted along with bid, failing which the bidder shall be liable to be disqualified and his bid liable to be rejected. In case of award, the steam generator, steam turbine and generator associates will be required to furnish on demand bank guarantee for 5% (3% for SG & auxiliaries, 1.5% for Turbine & auxiliaries and 0.5% for Generator) of the total contract price.

Further, the bidder shall furnish undertaking jointly executed by him and architect engineering firm as per the

## OPEN TENDERS : APR – JUN 2001

format enclosed in section VII (forms and procedures) of bid documents in which the associate and the bidder

are jointly and severally liable to the Employer to perform successfully all the engineering activities included

in his scope. The joint deed(s) of undertaking shall be submitted along with bid, failing which the bidder shall

be liable to be disqualified and his bid liable to be rejected. In case of award, architect engineering firm will be

required to furnish an on demand bank guarantee for 0.05% (point zero five percent) of total contract price in

addition to the contract performance security by the bidder.

8.1.4 The Bidder shall be a joint venture between firms comprising of :

(i) the steam generator manufacturer meeting the requirements under 81.1 A (i), steam turbine manufacturer

meeting the requirements under 8.1.1 B (i) and generator manufacturer meeting the requirements under 8.1.1

B (i).

and

a management and contracting company which is currently in the field of execution of fossil fuel fired power

plants and has got engineered, supplied, erected/supervised erection (with or without civil works), including

construction management, testing and commissioning at least two nos. of power plants with unit rating of at

least 200 MW capacity (one each at two separate stations), which are in successful operation for a period of

not less than two (2) years as on the date of bid opening. Such management and contracting company should

have experience of executing during the last five (5) years as on the date of bid opening at least two (2) power

projects under one or more contract(s) amounting to not less than US\$ one hundred million (100 million) for

each project (with exchange rate prevailing as on date of order in case contracted value is expressed in

currencies other than US dollars).

ii. The joint venture bidder shall provide, alongwith the bid, a joint-venture Agreement, as per the format

enclosed in the bid documents in which the partners in the Joint-Venture are jointly and severally liable to the

Employer to perform all the contractual obligations. In this case, the bid security and, in the event of an award,

## OPEN TENDERS : APR – JUN 2001

the performance bank guarantee shall be in the name of all the firms of the Joint Venture.

iii. Further, any one of the firms of the joint venture should also have experience in the field of engineering of

coal fired reheat type power plants and should have engineered at least two (2) nos. of coal fired reheat type

units with minimum unit rating of 200 MW each (one each at two separate stations) and which are in successful

operation for a period of not less than two (2) years as on the date of bid opening. The scope of work of such

reference plants should have necessarily included entire engineering i.e. basic engineering and detailed

engineering of power plant till commissioning of Main Plant equipment (i.e. steam generator and steam

turbine generator with their associated auxiliaries). In case any one of the firms of the joint venture itself does

not have above experience in the field of engineering of coal fired reheat type power plant as mentioned

above, then bidder shall associate with an architect engineering firm meeting the requirements stipulated

above. The minimum average annual turnover of such architect engineering firm in the past three years shall

be not less than US\$ twenty (20) million (with exchange rate prevailing at the end of respective accounting

years in case turnover is expressed in currencies other than US dollars). Further, the bidder firms shall

furnish undertaking jointly executed by them and architect engineering firm as per the format enclosed in

section VII (forms and procedures) of bid documents in which the associate and the bidder are jointly and

severally liable to the Employer to perform successfully all the engineering activities included in his scope.

The joint deed of undertaking shall be submitted alongwith bid, failing which the bidder shall be liable to be

disqualified and his bid liable to be rejected. In case of award, architect engineering firm will be required to

furnish an on demand bank guarantee for 0.05% (point zero five percent) of total contract price in addition to

the contract performance security by the bidder.

8.1.5 Sourcing of all equipments shall necessarily establish the past performance of the particular equipment

and should be as stipulated in the specification.

8.2 Detailed qualifying requirements are specified in the Bidding Documents.

## OPEN TENDERS : APR – JUN 2001

8.NTPC reserves the right to reject any or all bids or cancel/withdraw the Invitation for Bids without assigning any reason whatsoever and in such case no bidder/intending bidder shall have any claim arising out of such action.

9.A complete set of Bidding Documents may be purchased by any interested Bidder on submission of a written application and payment (non-refundable) of the cost of the documents as mentioned at 4.0 above in the form of a crossed Account Payee Demand Draft in favour of National Thermal Power Corporation Limited, New Delhi, payable at New Delhi. Issuance of Bidding documents to any Bidder shall not construe that such Bidder is considered to be qualified. Bids shall be submitted and opened at the address given below in the presence of Bidder's representatives who choose to attend.

# OPEN TENDERS : APR – JUN 2001

Tender ID : 121371

Note :

A.NTPC invites sealed bids from eligible bidders for Main Plant Area Civil Works Package as per brief scope of work mentioned hereinafter for Ramagundam Super Thermal Power Project, Stage-III (1x500MW) situated at Jyotinagar, district Karimnagar (Andhra Pradesh).

## B.Brief Scope of Work

All Civil Works including foundation, structural and architectural works for Main Plant Building i.e. TG bay, Deaerator bay, Control Tower, Control Equipment Room; Transformer Yard; Air Washer Building; Compressor House; DG Set Building; all pipe and cable supports; Machine Foundations for TG, BFP (Motor driven and Turbine driven), Fans and Mills excluding vibration isolation system; Boiler and ESP foundations; Mill Bunker building including bunkers; ESP Control Room & VFD Control Room buildings; Transfer Tower and Conveyor Gallery & Trestles in Main Plant; Bottom Ash & Fly Ash System upto Ash Slurry Pump House (excluding Ash Slurry Pump House); paving, drains, sewerage of Main Plant Area.

C.Detailed specification and scope of work are given in the bidding documents which are available for examination and sale at the address given below as per the following schedule :

-----  
Specification No. CS-3140-322-9  
Estimated cost of the work Rs. 3700 Lakh  
Documents Sale Dates 23/05/2001 to 22/06/2001  
& Timings from 1000 hrs to 1500 hrs. (IST)  
Bid Receipt Date & Time 05/07/2001 upto 1030 hrs (IST)  
Bid Opening Date & Time 05/07/2001 at 1130 hrs. (IST)  
-----

## OPEN TENDERS : APR – JUN 2001

D.All bids shall be accompanied by an Earnest Money Deposit of Rs. 41,00,000 /- (Rupees Forty One Lakh only)

in the form as stipulated in bidding documents. Bids not accompanied with the requisite Earnest Money

Deposit in a separate sealed cover or Bids accompanied with an Earnest Money Deposit of inadequate value

shall not be entertained and in such cases, Bids shall be returned to the Bidder without being opened.

### E.Qualifying Requirements for Bidders

The bidders, who wish to participate in the bidding, shall satisfactorily establish that they fulfil the following

qualifying requirements :

1.The bidder should have executed in the preceding five (5) years as on date of bid opening, construction

of industrial projects, achieving therein, at least the following progress :

i.Concreting of 15,000 cum. in any one (1) year in one or cumulative of two (2) concurrently running contracts and,

ii.Fabrication of 7,000 MT of Structural Steel in any one (1) year in one or cumulative of two (2) concurrently running contracts and,

iii.Erection of 7,000 MT of Structural Steel in any one (1) year in one or cumulative of two (2) concurrently running contracts and,

2.The average annual turnover of the bidder, in the preceding three (3) financial years as on date of bid

opening, shall not be less than Rs.25 Crores

3.Bidders, who meet the requirements at clause 2 above and at least any two requirements of clause 1

above, can also participate, provided they associate/collaborate with a construction agency of repute,

who fully meets the balance part of the total requirements under the clause 1 above, which the bidder

himself is not able to meet. In such a case, bidder shall, alongwith the bid, furnish an undertaking jointly

## **OPEN TENDERS : APR – JUN 2001**

executed by him and his associate/collaborator, for successful performance of the contract, as per the

format enclosed in the bid documents. In case of award, the associate/collaborator shall be required to

furnish an On Demand Bank Guarantee for 5% of that part of the Contract Price for which the associate/

collaborator has been associated over and above the Security Deposit to be furnished by the Contractor.

F. In the evaluation and comparison of bids, NTPC reserves the right to allow Purchase Preference to Central

Public Sector Enterprises (CPSEs) and joint ventures with CPSEs as admissible under the existing policy of the Govt of India.

G. NTPC reserves the right to reject any or all bids or cancel/withdraw the Invitation to Bid without assigning any

reason whatsoever and in such case no bidder/intending bidder shall have any claim arising out of such action.

H. Bidding documents can be obtained by eligible prima facie qualified Bidders from the address given below on

submission of a written application and on payment of Rs. 6,000/- (Rupees Six Thousand only) (non-refundable)

towards the cost of bidding documents in the form of a Crossed Account Payee Demand Draft in favour of

NTPC Ltd., New Delhi and on submission of relevant experience details. Issuance of bid documents to any

bidder shall not construe that such bidder is considered qualified. Bids shall be submitted and opened at the

address given below in the presence of bidder's representatives who choose to attend.

# OPEN TENDERS : APR – JUN 2001

Tender ID : 121227

Note :

A.NTPC invites sealed bids from eligible bidders for Main Plant Area Civil Works Package as per brief scope of work mentioned hereinafter for Rihand Super Thermal Power Project, Stage-II (2x500 MW) situated at Rihandnagar, Distt.Sonebhadra (Uttar Pradesh).

B.The broad scope of this package shall include all foundations, civil structural & architectural works related to but not limited to the following : Main Plant Building, i.e. TG bay, Deaerator bay, Control Equipment Room, Control Tower; Transformer Yard i.e. Transformer foundation, rail track foundation, fire wall, oil pit, paving, fencing, trenches, drains, bus duct supports; Air Washer Building; Service Building; DG Set Building; All pipe and cable supports; Machine foundations for TG, BFP (motor driven & turbine driven), PA, FD & ID Fans and Coal Mill Foundations excluding Vibration Isolation System; Boiler & ESP Area foundations; Mill Bunker Building including bunkers; ESP Control Room & VFD Control Room Buildings; Transfer towers and conveyor gallery & trestles in main plant; Compressor House; Bottom Ash System; Paving, drains, sewerage of main plant area; any other miscellaneous building/civil works.

C.Detailed specification and scope of work are given in the bidding documents which are available for examination and sale at the address given below as per the following schedule :

-----  
Bidding Document No. CS-1230-322-9  
Estimated cost of the work Rs. 7715 Lakhs  
Documents Sale Dates 21-05-2001 to 22-06-2001  
& Timings from 1000 hrs to 1500 hrs. (IST)  
Bid Receipt Date & Time 03-07-2001 upto 1030 hrs (IST)  
Bid Opening Date & Time 03-07-2001 at 1100 hrs. (IST)  
-----

## OPEN TENDERS : APR – JUN 2001

D.All bids shall be accompanied by an Earnest Money Deposit of Rs. 86,00,000/- (Rupees Eighty Six Lakhs only)

in the form as stipulated in bid documents. Bids not accompanied with the requisite Earnest Money Deposit in

a separate sealed cover or Bids accompanied with an Earnest Money Deposit of inadequate value shall not be

entertained and in such cases, Bids shall be returned to the Bidder without being opened.

### E. Qualifying Requirements for Bidders

The bidder, who wishes to participate in the bidding, shall satisfactorily establish that they fulfill the following

qualifying requirements as stipulated at 1 and 2 or 3:

1. The bidder should have executed in the preceding five (5) years as on date of bid opening, construction

of industrial projects, achieving therein, at least the following progress :

i. Concreting of 20,000 cum. in any one (1) year in one or cumulative of two (2) concurrently running contracts and,

ii. Fabrication of 7,000 MT of Structural Steel in any one (1) year in one or cumulative of two (2) concurrently running contracts and,

iii. Erection of 7,000 MT of Structural Steel in any one (1) year in one or cumulative of two (2) concurrently running contracts and,

iv. Installation of 30,000 running meters of cast-in-situ bored piles of minimum 500mm dia. in a year in one or cumulative of two (2) concurrently running contracts.

2. The average annual turnover of the bidder, in the preceding three (3) financial years as on the date of

bid opening, shall not be less than Rs. 50 Crores.

3. Bidders, who meet the requirements at clause 2 above and at least any two requirements of clause 1

above, can also participate, provided they associate/collaborate with a construction agency of repute,

who fully meets the balance part of the total requirements under clause 1 above which the bidder himself

## **OPEN TENDERS : APR – JUN 2001**

is not able to meet. In such a case, bidder shall alongwith the bid furnish an undertaking jointly executed

by him and his associate/collaborator, for successful performance of the contract, as per the format

enclosed in the bid documents. In case of award, the associate/collaborator shall be required to furnish

an On Demand Bank Guarantee for 5% of that part of Contract Price for which the associate/collaborator has been associated over & above the Security Deposit to be furnished by the

Contractor.

F.In the evaluation and comparison of bids, NTPC reserves the right to allow purchase preference to Central

Public Sector Enterprises (CPSEs) and joint ventures with CPSEs as admissible under the existing policy of the Govt of India.

G.NTPC reserves the right to reject any or all bids or cancel/withdraw the Notice Inviting Tenders without

assigning any reason whatsoever and in such case no bidder/intending bidder shall have any claim arising out of such action.

H.Bidding documents can be obtained by eligible prima facie qualified Bidders from the address given below on

submission of a written application and on payment of Rs. 6000/- (Rupees Six Thousand only) (non-refundable)

towards the cost of documents, in the form of a crossed Account Payee Demand Draft in favour of NTPC Ltd.,

New Delhi and on submission of relevant experience details. Issuance of bidding documents to any bidder

shall not construe that such bidder is considered qualified. Bids shall be submitted and opened at the address

given below in the presence of bidder's representatives who choose to attend.

## OPEN TENDERS : APR – JUN 2001

Earnest Money (Rs.)  
1,50,00,000

Payment Mode

Tender fee in form of Demand Draft in favour of NTPC Ltd., New Delhi, payable at New Delhi.

Tender ID : 134650

Note : (1) National Thermal Power Corporation Ltd., (NTPC) intends to finance Coal Handling Plant (Turnkey)

Package of Rihand Super Thermal Power Project, Stage-II, through External Commercial Borrowings, internal and other sources.

(2) NTPC now invites sealed bids from eligible Bidders for supply and installation of Coal Handling Plant (Turnkey)

Package for Rihand Super Thermal Power Project, Stage-II (2 x 500 MW) as per the brief scope of work mentioned hereinafter :

(3) The brief scope of work for the subject package is as under :

Design, engineering, manufacture, shop fabrication, assembly, testing and inspection at manufacturer's works,

packing, inland transportation to site, insurance, delivery to site, receipt, unloading, handling, storage and inplant

transportation at site, fabrication at site, installation (including all civil, structural steel works and associated

electrical and allied works), completion of facilities, guarantee testing of all equipment and handing over to the

Employer of Coal Handling Plant and furnishing of spares as per specifications and scope defined in bidding documents.

(4) The detailed scope of work is given in the Bidding Documents which are available for examination and sale at the

address given above as per following schedule :

(5) All bids must be accompanied by Bid Security for an amount equivalent to Rs. 1,50,00,000/- either in bid currency

## OPEN TENDERS : APR – JUN 2001

or in US Dollars in the form stipulated in Bidding Documents. If the Bid prices are quoted in more than one currency, the Bid Security shall be in US Dollars. Bids not accompanied by the requisite Bid Security, in a separate sealed cover or bids accompanied by Bid Security of inadequate value shall not be entertained and in such cases bids shall be returned to the bidders without being opened.

(6) Qualifying Requirements of Bidders :

(a) The bidder should have designed, manufactured/got manufactured, erected, tested and commissioned at least one number integrated bulk material handling plant (essentially comprising of conveying and crushing) including all associated structural steel works and electrical works of 1200 Metric tonnes per hour rated capacity or above for coal or equivalent volumetric capacity for the minerals, which is in successful operation for at least two (2) years as on date of bid opening.

(b) Bidder should have designed, manufactured, supplied, erected, tested and commissioned including all associated structural steel works and electrical works of at least two (2) numbers cantilever boom type, slewable and luffable, bucket wheel type travelling stacker-cum-reclaimers suitable for stacking and reclaiming at a rated continuous capacity of 1200 Metric tonnes per hour (or above) for coal or equivalent volumetric capacity for minerals which are in successful operation for at least two (2) years as on date of bid opening.

(c) Bidder should have successfully designed and executed the following works within the preceding five (5) years as on the date of bid opening:

(i) (a) Basement type structures like Track hoppers, tunnels etc. involving deep excavation and extensive dewatering and industrial buildings with finishing works.

(b) Minimum 20,000 cu.m. of reinforced cement concrete work in a period of 12 months with a peak concreting of at least 2000 cu.m. in any one month in a single contract.

(ii) Minimum 3000 MT of fabrication and erection of structural steel in a period of 12 months with a peak fabrication and erection of at least 400 MT in any one month in a single contract.

## OPEN TENDERS : APR – JUN 2001

NOTE: If the qualifying work is completed in the five (5) year period specified above even if it has been started earlier, the same will also be considered as meeting the qualifying requirements.

(d) Bidder who meets the requirements of only para (a) and (c) above can also participate provided he collaborates/associates with a firm who fully meets the requirements specified at para (b) above.

(e) Bidder who meets the requirements of only para (a) and (b) above can also participate provided he associates with a single firm who fully meets the requirements specified at para (c) above.

In case the bidder himself meets the requirement of either civil or structural steel works as stipulated at para (c)(i) or (c)(ii) above respectively, he can also participate provided he associates for the balance portion (i.e. the structural steel or civil works) with a single firm who meets the requirement of the structural steel or civil works as mentioned at para (c) (ii) or (c) (i) above respectively.

(f) Bidder who meets the requirements of only para (a) above can also participate provided he collaborates/associates with a firm/firms who fully meets the requirements specified at para (b) and (c) above.

In case the bidder himself meets the requirement of either civil or structural steel works as stipulated at para (c) (i) or (c) (ii) above respectively, he can also participate provided he associates for the balance portion (i.e. the structural steel or civil works) with a single firm who meets the requirement of the structural steel or civil works as mentioned at para (c) (ii) or (c) (I) above respectively.

(g) In all cases where bidder collaborates/associates as per para (d) , (e) & (f) above, bidder shall furnish undertaking(s) jointly executed by him and his collaborator(s)/associate(s) for successful performance of the relevant system as per NTPC format enclosed in bid documents. The joint deed of undertaking shall be submitted along with the bid failing which the bidder shall be liable to be disqualified and his bid liable to be rejected. In case of award, each collaborator/associate will be required to furnish an on demand bank guarantee for 1.5% (one and half percent) of the contract price of the CHP package in addition to the contract performance security to be furnished by the

## **OPEN TENDERS : APR – JUN 2001**

bidder.

(7) In the evaluation and comparison of bids, NTPC reserves the right to allow purchase preference to Central

Public Sector Enterprises (CPSEs) and joint ventures with CPSEs as admissible under the existing policy of the Govt. Of India.

(8) A complete set of Bidding Documents may be purchased by any interested Bidder on submission of a written

application and payment (non-refundable) of the cost of the documents as mentioned at 4.0 above in the form of a

crossed Account Payee Demand Draft in favour of NTPC Ltd., New Delhi, payable at New Delhi. Issuance of bid

documents to any bidder shall not construe that such bidder is considered qualified. Bids shall be submitted and

opened at the address given below in the presence of Bidder's representatives who chose to attend.

Tender fee in form of D.D in favour of NTPC Ltd., FSTPS, payable at SBI, Andua (Branch Code-7099)

# OPEN TENDERS : APR – JUN 2001

Tender ID : 129785

Note :

1.NTPC, Farakka Station is interested in getting the above works executed through reputed agencies having experience in the relevant field. Interested agencies are requested to apply for the tender documents. The qualifying requirements and brief work details for the jobs are indicated below :

\* Small Scale Industries registered with NSIC are exempted from submission of EMD on submission of documentary evidence.

## 2.QUALIFYING REQUIREMENTS :

A.The bidder should possess latest Income Tax Clearance Certificate and Independent P.F. Code Number allotted by R.P.F.C.

B.For T-11/7586 :

The bidder should have executed steel lining or steel fabrication or mechanical equipment maintenance job of at least Rs.10.00 lacs in a single Work Order in any Government Sector/PSU/Power Station during last 03 years.

## 3.TERMS AND CONDITIONS :

a.All documents like concerned Work Order copy along with Completion Certificate, possession of P.F. Code Number, Income Tax Clearance Certificate, Sales Tax Clearance Certificate etc. are to be enclosed with the application.

b.NTPC shall not be responsible for any delay in receipt or non-receipt of applications caused due to

## **OPEN TENDERS : APR – JUN 2001**

postal delay or any other reasons.

c.The bidder has to submit application along with DEMAND DRAFT (non-refundable) of Rs.300/- for

T-11:7586, in favour of NTPC Ltd., FSTPS, payable at SBI, Andua (Branch Code-7099) with all required documents as mentioned above.

d.The envelope must be superscribed with tender Ref. No. & Name of the work. In case a bidder desires

to participate in more than one tender, a separate application is required to be made against each work accompanying a separate DD as above.

e.Tender documents shall be issued by Regd. Post/Courier Service only to those intending parties who

prima-facie meet the specified qualifying requirements as brought out in this Notice Inviting Tender

after scrutiny of the credentials submitted by the bidders along with their request for issue of tender

papers. However, issuance of tender documents shall not automatically construe qualification of the firm

for award of work, which will actually be determined during bid evaluation.

f.The EMD as indicated above is to be submitted along with Price Bid. The bid opening date will be

mentioned in the tender documents which will be sent to the qualified bidders only.

g.The above specification is only indicative and full details will be given in our tender documents.

Interested parties are advised to visit the site and familiarize themselves with actual site conditions .

h.If last date of receipt of application is a closed holiday for NTPC- Farakka, then the date shall be shifted

to the next working day.

i.In the evaluation and comparison of bids NTPC reserves the right to allow purchase preference to

Central Public Sector Enterprise as well as joint ventures with Central Public Sector Enterprise as

admissible under the existing policy of the Government of India.

j.NTPC reserves the right to assess the capacity and capability of bidders after scrutiny of the
